SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, November 3d, there being present Wm. H. Brown presiding, Jas. T. Casey, John MacBain, Jos. M. Francis and D. E. Blackburn.

Samuel Knight of Hillsborough addressed the board in reference to the mosquito pest and asked that an appropriation of $5000 be made to aid in a campaign for its extermination. He said that an equal amount would be secured from the different municipalities of the county and from private sources.

It was ordered, on motion of MacBain, seconded by Casey, that $5,000 be appropriated from the General fund for the purpose named, such money to be paid in monthly installments, and that a committee be appointed to direct its expenditure, said committee to consist of a representative from each district.

Bids were opened as follows for construction of El Camino Real through the Town of Redwood City as provided in the county bond issue:

Federal Construction Company	$33,851.67
Raisch Improvement Company	$32,825
A. Tiechert	$38,672
Blanchard Brown Company	$35,955.25
Barber Asphalt Company	$35,425
Clark & Henery	$34,900

It was recommended by the Advisery Committee that the bid of the Raisch Improvement Company be accepted and it was so ordered on motion of Francis, seconded by Casey.

Dr. Morgan of the Exposition Committee stated that he was prepared to render a verbal statement of the transactions of that body as the time was too short in which to prepare a written report.

It was ordered by the chairman that the committee be given a month in which to prepare a written report.

A. G. C. Hahn of the Exposition Committee presented a lease by which the committee had secured 3000 square feet of space in the California building at a cost of $7,500 in which the county's exhibit would be installed.

A resolution was adopted on motion of MacBain, seconded by Casey, ratifying the action of the committee.

On motion of Casey, seconded by Francis, the contractor was allowed 120 working days in which to complete the contract.

J. J. Welch addressed the board and asked that he be permitted to resume business at his saloon, The Bolcoff, at Millbrae, which had been ordered closed, pending a hearing of the charges against him, and if the charges were substantiated he would be satisfied to forfeit his license. The hearing had been set for the next meeting. No action was taken on Welch's request.

The following liquor dealers who had complied with the county ordinance and furnished the necessary bonds were granted licenses:

First township—W. R. Markt, San Bruno road; Julia Peterson, class C, San Bruno.

Third township—Fred Walthers, Portola; Wm. A. Warren, class B, Redwood City; John Beltramo, class C, Menlo Park.

Fourth township--F. F. Sarcander. Purissima; Henry Schuldt, class B, Halfmoon Bay; C. N. Gianacopulos, Granada.

The following applications for liquor licenses were given first reading and will be acted upon a month hence:

First township—Fred B. Russi, Colma; Frank H. Wight, Millbrae; F. J. Madden, class B, San Bruno.

Fourth township—W. J. Debenedetti, Halfmoon Bay; Manuel Lewis, Halfmoon Bay.

The following applications for liquor licenses were laid over for later consideration.

Mrs. J. J. Welch, Millbrae; G. Gianni, San Bruno; N. Beltramo, San Bruno; Filipino Tossi, Colma; Peter Testa, Visitacion; George Vincent, Millbrae.

M. F. Brown, chief of the motorcycle squad, reported af follows:

Officer Logan worked 13 days; no arrests.

Officer Vallejo worked 11 days, no arrests.

Officer Brown worked 14 days; no arrests; one case pending.

Officer Lowans, disabled in accident, unable to work.

Mr. Brown recommended that additional patrolmen be appointed to serve on November 8th, the day of the Stanford-Berkeley football game at Stanford.

Acting on the suggestion of Chief Brown of the Motorcycle squad, it was ordered on motion of MacBain, seconded by Blackburn, that three extra officers, one from each township, be employed on the day of the Stanford-Berkeley football game.

F. A. Cunningham addressed the board in reference to the route of the county highway through South San Francisco, and it was decided on motion of Casey, seconded by Francis, that the board meet the city council of South San Francisco on Thursday, November 6th to confer on the matter and that representatives of the South San Fran-Francisco Land Company, the Spring Valley Water Company, the Southern Pacific Railroad, the United Railroads and the Pacific Gas and Electric Company be invited to be present.

Chris Henry of Halfmoon Bay asked for relief from the Indigent fund, claiming that by reason of hs old age and infirmities he was unable to earn a livelihood.

On motion of Francis, seconded by Blackburn, the applicant was granted $8 per mont

A petition sig[illegible] Littledage ap[illegible] asking tha[illegible]press avenue in the Fourth township be opened for public use.

On the suggestion of Francis, the petition was referred to the District Attorney, there being some doubt as to whether Cypress avenue was a public road.

A communication was received from the Los Angeles Juvenile Court inviting the board to delegate the county probation officer to attend a conference of probation officers at Los Angeles on January 21, 22 and 23 next.

The communication was ordered referred to Judge Buck.

A communication was received from the San Mateo County Poultry Association, asking that a contribution be made by the board to encourage exhibitors at the forthcoming poultry show of the association.

It was ordered on motion of Blackburn, seconded by Brown, that $25 be donated to the association.

A resolution adopted by the promotors of the recent land show in San Francisco was received, expressing the determination of the representatives of the various counties interested, to continue the exhibit yearly.

A petition signed by M. Belli and others of Colma was received, protesting against the issuance of a licnese to Filipino Toschi. The petition was laid over until the first meeting in December at which time Toschi's petition for a license will also be heard.

A. L. Young of the Young Machinery Company addressed the board stating that his company had delivered to the Fifth Road District, culvert pipe of the value of $1103 which had not been paid for and which had not been used. He wanted to know if the county could not make use of the pipe and pay for it as used, at the market prices.

The District Attorney was called upon for his opinion in the matter and suggested that in view of the recent litigation with the Young Machinery Company over the pipe in question, he would advise that the board lay the whole matter before the Grand Jury before taking any action.

This course was satisfactory to Mr. Young and will be followed by the board.

Surveyor Neuman was granted permission, on motion of Blackburn, seconded by MacBain, to withdraw the claim of the T. K. Beard Construction Company for $795.05, part payment on the San Francisquito bridge contract.

A communication was received from the Albert Graf Montgelos Company notifying the board that John June, their expert, had found water on the county farm and that for a consideration of $7000 they would guarantee to secure a flow of 6000 gallons daily. Should they fail to produce this amount of water, no payment is to be made.

On motion of MacBain, seconded by Casey, the matter was postponed until the next meeting and the clerk was directed to so notify June.

R. F. Chilcott presented a map of Tobin Park, located in the First township. Casey was not in favor of accepting the map as the tract was located in a most inaccessable part of the county and not available to lot buyers.

MacBain moved that the map be rejected because it had not been prepared by a licensed surveyor. The motion was seconded by Casey and carried.

Casey called attention to the fact that many of the automobiles that are owned in this county are not registered here. The matter was referred to the District Attorney.

A communication was received from Baldwin & Howell, offering on behalf of Mr. MacDonough to deed to the county a strip of land, at a price heretofore agreed upon, for the purpose of changing the roadway between Menlo Park and Portola, and requesting that the board give its assurance that the land would be used for road purposes and would be graded and macadamized by the county.

On motion of MacBain, seconded by Francis, the Surveyor was directed to proceed according to the terms of the letter.

Casey stated that experience had demonstrated that the attempt to farm the county's poor farm property was not satisfactory. He would suggest that only the six acres near the hospital buildings be farmed in the future and that the superintendent dispose of the agricultural implements not needed and rent the remainder of the proprty to the best advantage.

It was so ordered on motion of Blackburn, seconded by MacBain.

It was ordered that consideration of the contested claims be postponed until the next meeting.

S. M. Trotter presented a claim for $460 for the loss of a horse and other damage done him in the recent collapse of a bridge south of Pescadero.

Trotter testified under oath that the claim was correct.

On motion of Blackburn, seconded by MacBain, the claim was allowed for $350.

On motion of Casey, seconded by MacBain, it was ordered that the arrangement of the board's meeting room be changed with a view to affording better light and improving the accoustic properties of the room, the work to be done under the direction of MacBain. Blackburn voted "no" on the motion.

NEW GRAND JURY FORMED; ELEVEN MEMBERS WOMEN.

Contractor Severely Hurt.

Ross Riley, the contractor was severely injured by being thrown from his motorcycle at Menlo Park yesterday. Riley was riding along the State highway when he ran into a wire stretched across the road presumably by the contractors who are building a section of the highway. The wire caught Riley and he was thrown to the ground, the fall rendering him unconscious for a time. He was taken to a sanatorium at Palo Alto, where at last reports he was resting easily.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

The San Mateo Lealer made its appearance this week under new editorial management,. Charles M. Morse, the former proprietor, having disposed of all interest in the paper to A. P. Bellisle and John D. Bromfield Both of the new proprietors of the paper are well equipped for the business which they have undertaken. For the past four years Mr. Bellisle has been the business manager of the paper and is familiar with the details of the business. Mr. Bromfield is well known in newspaper fields of the peninsula, and has had much experience as a writer and gatherer of news. To the people of Redwood City he is well and favorably known as the local correspondent of the San Francisco Call.

LOCAL NEWS NOTES.

The Oxnards and Lents have closed their pretty homes in the Hooper tract for the winter months and gone to the city for the season where they will entertain a great deal this winter.

Miss Louise Pitcher, who graduated from the Childrens' Hospital in San Francisco last April as a trained nurse, spent all of last week here with her mother, Mrs. John Pitcher.

John Ferguson, who is well-known in this vicinity, has installed a dictaphone in the office of District Atorney Franklin Swart. This machine will simplify the stenographic work of the office.

At the morning services at the Congregational church next Sunday the pastor's topic will be "Heaven," at the evening service the subject will be "A Pull." Sunday school at 10 a. m. The public is cordially invited.

The services at St. Peter's Church Sunday morning will be as follows: Holy Communion at 7:30, Sunday school at 10 and Matins and sermon at 11. In the evening there will be vespers and sermon at 7:30. Special effort is being made to render the evening service attractive.

ter were here from Minneapolis Thursday on a visit to the former's uncle, P. P. Chamberlain. This was their first visit to the coast. Mr. Chamberlain is a prominent businessman of Minneapolis and owns considerable property. He spent three years as a soldier in the Philippines. He was the first to inlist when the Spanish-American war was declared.

There will be a stereopticon lecture at the Congregational church on next Monday evening at 8 o'clock by Rev. and Mrs. F. G. Callett, on the Indian Life of California. An unique feature of the service will be the presence of Chief Odock, who will sing Indian songs in blanket, in his native language, and tell the story of his people in his terse Indian style. Seats free. Collection. All are welcome.

Miss Edna Hayward, daughter of Mr. and Mrs. C. D. Hayward of this city, returned from a tour of Europe during the week. She was gone three months. The young lady enjoyed the trip exceedingly, during her travels seeing the greater portion of the continent. She will shortly resume her duties as director of one of the city play grounds of San Francisco. During her travels she gave much of her time and attention to this work.

Next Sunday at the Methodist church, the evening services at 7:30 will be devoted to the subject of "Social Purity," as has been requested by the governors of the states. And in accordance with Governor Johnson's request "The Red-Light Abatement Act" will have a part in the discussion. Progress and prospects in other kindred lines will also be discussed. The public is most earnestly invited to be present. Sunday school is at 10 a. m. and the morning preaching service at 11 a. m.

Miss Sophie Mengels and Miss Frances Murray gave a Hallowe'en party to their friends at the home of Miss Mengle Saturday evening last. The guests assembled in the residence and marched to the barn where the hours were given to dancing until midnight when the dancers returned to the residence where a tempting supper was served. About fifty guests were present, many of whom were from San Francisco and Oakland. The evening was an enjoyable one and will be long remembered by those who were present.

A pleasant surprise party was tendered Rev. and Mrs. C. H. Stevens on Thursday evening, in commemoration of the twentieth anniversary of their marriage, at the Congreational parsonage. About fifty friends assembled and the evening was passed in music and social converse After light refreshments had been served, the surprised couple were pressented with some hand-painted china, and as the party broke up the pastor and his wife were the recipients of many kind wishes for many more anniversaries.

Another exra special program was shown at the Bell theatre last evening and will be repeated with some variations this evening. This is in accordance with the plans of Manager Nathhorst to give his patrons special week end attractions at popular prices. That the program offered last night is a strong one is evidenced by the fact that it had a long run in San Francisco where it held big audiences at increased prices, although no change was made in the rates at the Bell. Some programs of more than ordinary interest are being prepared for next week.

BUSINESS MEN APPROVE TOURIST ASSOCIASION PLAN

Enthuriastic Gathering Discusses Details of Proposed Work.

While the meeting at the city hall last Tuesday evening under the auspices of the local committee of the Tourist Association of the San Francisco Bay and River Counties was not as largely attended as the importance of the subject to this section should have demanded, it was nevertheless a truly representative gathering, being composed almost entirely of the professional and business men of the city. The tourist problem in all its angles was discussed, both by visiting speakers and local citizens, the proposed work of the Tourist Association being considered in all its details. The visitors, all of whom are freely giving their time to this important movement for the development of this portion of the State explained in detail the plan of the Tourist Association, dealing especially with the financial problems to be met.

Curran Clark, the local delegate to the association, presided at the meeting, while Trustee George A. Deleau acted as secretary. After brief introductory remarks the chairman introduced the visiting speakers, who were: Frank Whitton, president of the Association; E. D. Moore, the secretary and manager; J. B. Bullitt of the San Jose Chamber of Commerce; W. B. Pringle, of the San Francisco Chamber of Commerce; and Peter B. Kyne, a magazine writer of considerable prominence who has made a practical study of immigration and development problems.

The especially instructive address of the evening was that of Mr. Moore, who explained in detail the plans developed by the Association for its work. Thus involved for the year 1914 a $55,000 campaign for the bringing of tourists to the bay and river counteis. He made it plain that the plans had been carefully worked out to their smallest details as to cost, the number of employees and the work they are to do, the amount and class of literature and its cost, the establishment of information desks and bureaus for the benefit of tourists and visitors.

The practical feature of the work is the placing of district agents in both the local and eastern fields. Local agents are to work in conjunction with chambers of commerce and similar bodies within the district, giving instruction in the most advantageous methods of entertaining and directinng visitors, curculating literature descriptive of the attractions and resources of the district and endeavoring to personally interview the tourists upon their arrival. In order to reach the tourist travel at its source, agents are to be placed in the centers of population of the east and middle west, who will devote much of their work to securing the routing of tourists to this section and to secure the arrangement of their itineararies so as to allow of time for a full study of its attractions for the home seeker and investor. While the office expenses cof the organization have been provided for by private subscription, it is expected that the fund for the actual expense of the work will be contributed by the several counties of the district from public advertising funds.

The support of county, municipal and trade bodies, and the securing sinews of war, was the theme of Mr. Whitton's discourse, and the advocacy of private subscription in case of failure of governing bodies to make appropriations.

The meeting of tourists previous to arrival was advocatd by Mr. Pringle who deprecated the absence of real boosters from the counties in the district, calling attention particularly to the many trainloads of tourists who come into the district in the morning and leave without remaining over night. Many of these have bought and settled in other parts of the State without knowing about the advantages of this territory.

Mr. Kyne after first mentioning the fact of his having been born in the county, spoke upon "Publicity" and gave a very interesting account of the manner in which he assisted in securing the Lincoln Highway and the State Highway for Inyo county and put that county upon the map.

After the delegation had been heard. Mayor George E Merrill, L. P. Behrens, H H H. Sears, Justice of the Peace Lampkin, and R. F. Chilcott spoke upon the advantages and resources of San Mateo county and advocated an organization to co-operate with the Tourist Association, and a resolution to that effect was adopted.

All of the local speakers expressed approval of the plans of the Tourist Association as explained by the visitors, and while no direct acton in the way of recommendation was taken, the general sentiment of the meeting appeared to be that no better investment of a portion of the advertising fund of the county could be made than a contribution to the funds of the Association by the Supervisors in accordance with the plans proposed for the securing of the necessary funds for the work.

JURY DISAGREES—COBURN WILL RENEW THE BATTLE.

Loren Coburn, the octogenerian millionaire farmer of Pescadero must fight again in the courts if he expects to be restored to competency. Tuesday his trial ended in a disagreement, four of the jurors, T. Leavy of San Bruno, W. W. Mason of Belmont, W. A. Maloney of Menlo Park and E. H. Greeley of Woodside voting against his restoration.

The case was given to the jury at 11 o'clock in the forenoon, Judge Cabaniss consuming an hour in his instructions.

At 12:30 the jurors were taken out to lunch, after which they returned to the jury room and continued their deliberations. It is said that on the first ballot the vote was equally divided. After that it was four to eight and remained so until 9 o'clock at night when the jurors announced that they could not agree and were discharged.

Upon the motion of council for Coburn the matter will be taken up today and a date fixed for a new trial.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SAN BRUNO NOTES.

Last Thursday three members of the board of supervisors were viewing the proposed change of the road to be constructed with the bond money. The Railroad, Spring Valley and South San Francisco Land Company and other interests were well represented. A good beginning and a poor ending seemed to have its advocates. The beginning of course to be in South San Francisco and any old thing or place for an ending in San Bruno. The fifth addition and Belle Air, for loyalty in support of the bond issue, will get a black eye, if advice given is acted upon. San Bruno will have that despised campaigh water wagon as its only inheritance, for no modern road will be built east of the railroad tracks. San Bruno sent no delegation, probably believing it useless after the last six months experience. Seemingly all that can be done is to do nothing. A committee to protect the rights of San Bruno would be useless. We feel that we are strangers in a strange land and must await the fate of decision by the board of supervisors without protest or voice in the matter.

J. H. Hammond and family, of Lomita Park, were busy last week loading a car with personal effects for the Honcut country, a farming settlement near Marysville, where Mr. Hammond will engage in contracting the ploughing and preparing of ground for the planting of rice, an industry adapted to that section.

Willie Peterson, who had the misfortune to have his horse slip on the oily surface of the state highway last week, resulting in a fractured ankle for Willie, is getting along nicely and expects to leave the hospital, where he was taken for treatment, in a couple of weeks.

An U. S. army officer was here Wednesday looking over Tanforan Park. Four regiments of cavalry, comprising 3,000 men from fort Riley, are expected to arrive Sunday and remain a week in this part of the country. The experience gained and nature of this district as a practice ground, met the approval of officers and men who were here last week.

If a horse ever laughed he certainly had the horse-laugh to his heart's content as he wallowed in the mud hauling out automobiles, at a good price for his owner, during the last week. The rain put the new extension of the grade at Baden out of commission for the auto, while the horse is still in the field for business and on his old job.

Mushroom season is close at hand and the ground is closely watched for the toothsome edible. San Bruno fields abound with the luxurious fungi while in season and we will soon be reveling in this dainty food.

A. Baradat has been indisposed for the past two weeks and has been missing from his auto-truck deliveries.

Sophomeres Entertain.

On Friday Oct. 31, in Odd Fellows hall, a Hollow'en party was given by the sophomores to the freshmen. The hall was prettily decorated and the costumes worn by the sophomores gave the splendid Hallowe'en effect. After initiating the freshmen and making them swear eternal allegiance to the sophomores all adjourned to the dance hall. After engaging in dancing for several hours all retired to a sumptuous banquet which was the dainty work of the sophomore girls. Several toasts were given in honor of the school, teachers, classes etc. Dancing was again engaged in and when the clock tolled twelve all became quiet and took their way home, the girls being half afraid of the ghosts which are out on this night. This event was enjoyed by all and will be long remembered by the worthy sophomores and the insignificent freshmen.

* * *

After an illness extending over a year, Thomas Cavanaugh, resident of this place for over four years, closed his eyes in the peaceful sleep of death late Saturday evening last. His passing was as sweet and peaceful as a child lapsing into slumber after a tiresome day of play, thus beautifully portraying the true Christian life he had lived, for as a man lives so shall he die. The family of which he was the idol and the community in which he was a great favorite, have sustained an inestimable loss. Mr. Cavanaugh was a true, sincere Christian, a citizen who commanded the respect and admiration of all who knew him. He was fond of home and family ties bound him to those he loved. Since the death of his wife, seven years ago, he has not been the same. Since then he had been awaiting with Christian patience the summons to join her in the better land. He did not dread the mystery of death, feeling confident that its solution would reunite him with her who had gone before. Mr Cavanaugh was born April 17, 1844, in Ireland while his mother was on a visit there from her home in New York. Three months later, mother and child returned to this country, and after a few years came to San Francisco. Mr. Cavanaugh became a member of the San Francisco police, and remained on the force until about seven years ago when he retired on account of the illness of his wife. Four years ago he took up his residence with his daughter, Mrs. William P. Glynn at Menlo Park. For a couple of months deceased had been gradually failing, until finally death relieved his sufferings.

Mr Cavanagh was one of the most esteemed members of the police force of San Francisco and was well known in Golden Gate Park where for years he was stationed at the museum. He was especially noted for his kindness to children and he always rebuked anyone who tried to frighten little ones by making a bugaboo of a policeman. He said that the policeman's duty was to protect the child instead of harming it, and "dear old Tom," as the tots called him, was looked upon by them with respect and reverence.

It s a strange coincidence that what Mr. Cavanaugh advocated in respect to children years ago, is now being urged by Chief White. Mr. Cavanaugh was the pioneer in the work and his efforts have borne good fruit.

The honorary pall bearers were: Patrick Hopkins, James D. O'Kane M. F. Duff, James R. Doyle, J. P. Ahlert, Thomas Fitzgerald, Sargeants Gibbons and Farrell. The latter two represented the San Francisco police department.

Besides his daughter, his death is mourned by a sister, Mrs. Elizabeth Corcoran of San Francisco, and five grandchildren, James C., Robert J., Thomas J., William P., and Francis X. Glynn, of this place.

The funeral took place Tuesday from the residence of Mrs. Wm. P. Glynn, thence to the Church of the Nativity, where a solemn requiem high mass was celebrated, with Fathers Hannigan, Gleason and W. P. Sullivan officiating, assisted by Father Lacombe. In the sanctuary were the following priests, friends of the deceased: Rev. William Lyons, Rev. J. M. Byrne, and Rev. Richard Collins. A San Francisco choir rendered responses. After the ceremonies the remains were conveyed by train to Santa Clara and interred in the family vault.

Floral Show Prize Winners.

All the members of the Menlo Park Horticultural Society are elated over the success of the recent flower show given under their auspices. Notwithstanding the inclement weather the hall was crowded with flower lovers from far and near to see the great display. The exhibition was without question the finest display of flowers and plants ever seen in this state. It was far superior to the show held in the St. Francis recently. It would be invidious to attempt to describe the various individual collections, so beautiful and grand were they all. Sunday afternoon the hall was crowded with a struggling throng to view the wealth of floral beauty. The display of wicker work by the blind of San Francisco attracted much attention. A prize was awarded to Grant Merrill for concealing his identity longer than any others. Singing, dancing, games and fortune-telling were indulged in until 10 o'clock, when a light repast was partaken of and the party dispersed, each declaring that every minute had been enjoyed to the limit. NEW STREET LIGHTING SYSTEM IN OPERATION

Council Invites Suggestions from Interested Residents.

After delays, due to the failure of manufacturers to make prompt delivery of the needed material, the remodeling of the street lighting system has been completed and Redwood City is now provided with a thoroughly modern system of lighting which covers every section of the municipality. This was the announcement of Chairman Merrill at the meeting of the city council last Monday evening. The most serious delay in the work was due to the failure of an eastern firm to complete their contract to furnish a switch board which would enable the city to control its supply of current. This trouble was finally obviated by the installation of a temporary expedient by the contractor, M. E. Ryan, who had direct charge of this work. In making the announcement of the completion of the work, Chairman Merrill urged that residents of the city who may consider that sections in which they reside are not lighted to the best advantage report to the council any suggestions they may have for improvement, either in the way of changes in the location of lights or further extensions. This suggestion was given a hearty second by the trustees, all of whom were present at the meeting. At the suggestion of Trustee Deleau the trustees will themselves make a thorough investigation of the system, in order that they may be in a position to act intelligently upon any suggestions or complaints which may be received.

The John R. Ott Company, contractors for the present street improvement notified the council that they had completed the improvement of Heller street from Main to Charter and asked that the street superintendent be instructed to accept the work and issue his warrant for the payment due. The request was granted. The same firm was allowed $2500 as part payment on their contract for the paving of street intersections in the same district.

H. C. Tuchsen presented a map of the Eagle Hill Villa Tract which was considered and laid over until the next meeting under the rule of the council.

A request of the trustees of the Foresters' Hall Association for a rearrangement of the street lights in the vicinity of Main and Phelps streets so as to place one of the lights in front of the entrance of their building was granted on the motion of Trustee Hahir, who stated that he had made a personal investigation of existing conditions and considered that the changes suggested would improve the general lighting of street at this point.

A request for moral and material support of the coming show of the San Mateo County Poultry Association, which was to be held at San Mateo during the first week in next month, was referred to the Redwood City Board of Trade for consideration. The communication requested that this city offer either a cash prize or a trophy for competition at the show.

With the general business of the evening disposed of the trustees devoted something more than an hour to an informal discussion of provision of the proposed ordinance for the regulation of general traffic upon the public streets of the city. Rough drafts of an ordinance had ben prepared by City Attorney Mansfield after an investigation of the ordinances of other municipalities and these had been in the hands of the trustees for the past two weeks. The ordinance, which is a rather long one and intended to cover every feature of this difficult question, was carefully gone over and numerous suggestions made by each of the trustees with a view of securing the utmost of protection to the public at a minimum of inconvenience to operators of vehicles. With notations of suggested changes, the ordinance was referred back to the city attorney for completion and will probably be given formal introduction at the next meeting of the council.

Mrs. Emily Danforth Knott, a former pioneer resident of this county, passed away at the home of her daughter, Mrs. C. H. Williams, at Palo Alto Saturday morning. The deceased was the eldest daughter of the late Robert J. and Cordelia Weeks. She was a native of Maine, aged 69 years and came to San Mateo county when a mere child and spent the greater part of her life at La Honda. She is survived by two brothers and two sisters, B. D. and Asa Weeks and Mrs. Sarah Kirkpatrick and Mrs. Ella Cameron. The deceased also leaves three married daughters, Mrs. Brown, Mrs. Adair and Mrs. Williams. For several years past Mrs. Knott had resided near Mayfield and conducted the Wildwood dairy. Her burial took place Tuesday. The father of Mrs. Knott was during his lifetime, a prominent county resident, and served the Third district as supervisor.

While opening some oysters Sunday, Mrs. Titus, proprietress of the Elite rooming house, found a pearl of the size of a small marble. The color is white, with a pink tinge and it is a beauty. Mrs. Titus was offered $100 for her find but she will take it to San Francisco to be appraised by experts.

A MESSAGE TO WOMEN

Who Are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, you need help.

Miss Lea Dumas writes from Malone, N. Y., saying: "I was in a badly run-down condition for several weeks but two bottles of Vinol put me on my feet again and made me strong and well. Vinol has done me more good than all the other medicines I ever took."

If the careworn, run-down women, the pale, sickly children and feeble old folks around here would follow Miss Dumas' example, they, too, would soon be able to say that Vinol, our delicious cod liver and iron remedy, had built them up and made them strong.

It is a wonderful, strength creator and body-builder, and we sell it under a guarantee of satisfaction. You get your money back if Vinol does not help you.

P. S. For any skin trouble try our Saxo Salve. We guarantee it.

WITH AN INSURANCE POLICY IN HAND
you will not be worried to death every time the engine turns out. They won't mean such a possibility of ruin to you. The freedon from worry is alone worth the cost of the insurance. Have us get you out a policy today and even if you never have a fire, the sense of protection will be worth more than the cost of the policy.
